

**MEASURE**  
**of the Ministry of Economy of the Slovak Republic**

No. 1/2019 of 19 August 2019

**laying down the types of defence-related products for general transfer licence**

---

Pursuant to §43(e) of Act No. 392/2011 Coll. on trading in defence-related products and on amendments to certain acts (hereinafter only referred to as the “Act”), the Ministry of Economy of the Slovak Republic has laid down as follows:

**§1**

The general transfer licence applies to the defence-related products specified in Annex 1 intended for demonstration and evaluation purposes, in Annex 2 intended for repair and maintenance purposes, and in Annex 3 intended for exhibition purposes.

**§2**

This measure transposes the legally binding acts of the European Union specified in Annex 4.

**§3**

This measure becomes effective on 15 September 2019.

**Peter Žiga**  
Minister

**GENERAL TRANSFER LICENCE**  
**for the purposes of demonstration and evaluation under §24(2)(c) of the Act**

ML3	All goods are included, except for the following: 1. submunitions covered by the Convention on Cluster Munitions, 2. terminally guided projectiles; 3. ammunition, projectiles and propelling charges, specially designed for military use.
ML4	Included
ML5	All goods are included, except for the following: 1. sub point ML5.b) target acquisition, designation, range-finding, surveillance or tracking systems; detection, data fusion, recognition or identification equipment; and sensor integration equipment; 2. sub point ML5.c) countermeasure equipment for items specified by ML5.a) or ML5.b). All goods should be delivered without ciphering component and without integrated database.
ML6	All goods are included, except for the following: 1. complete vehicles which fall within sub point ML6.a); 2. chassis and turrets which fall within sub point ML6.a); 3. equipment and equipment's components excluded in the other ML categories
ML7	The following goods are included: 1. sub point ML7.f) protective and decontamination equipment, specially designed or modified for military use, components and chemical mixtures; 2. sub point ML7.g) equipment specially designed or modified for military use designed or modified for the detection or identification of materials specified by ML7.a), ML7.b) or ML7.d), and specially designed components therefor.
ML8	All goods are included, except for the following: 1. all substances with all of the following characteristics: a. detonating velocity equal or exceeding to 8 000 m/s; b. density equal or up to 1.80 g/cm <sup>3</sup> . 2. all explosives and related mixtures: a. sub point ML8.a.15) HNS (hexanitrostilbene); (CAS 20062-22-0), b. sub point ML8.a.21) RDX and derivatives, as follows: - RDX (cyclotrimethylenetrinitramine, cyclonite, T4, hexahydro-1,3,5-trinitro-1,3,5-triazine, 1,3,5- trinitro-1,3,5-triaza-cyclohexane, hexogen or hexogene) (CAS 121-82-4); - Keto-RDX (K-6 or 2,4,6-trinitro-2,4,6-triazacyclohexanone) (CAS 115029-35-1); c. sub point ML8.a.23) TATB (triaminotrinitrobenzene) (CAS 3058-38-6). 3. all substances that might be used directly or indirectly in production of sub munitions weapon which fall within Convention on Cluster Munitions, signed in Oslo on 3 December 2008, except towards Member States which ratified the Convention on Cluster Munitions.
ML9	All goods are included, except for the following: 1. complete vessels of war (surface or underwater) which fall within sub point ML9.a); 2. complete hulls; 3. sub point ML9.a)2.d) active weapon countermeasure systems specified in ML4.b), ML5.c) or ML11.a); 4. sub point ML9.b)4. air independent propulsion systems specially designed for

	<p>submarines;</p> <p>5. sub point ML9.d) anti-submarine nets and anti-torpedo nets, specially designed for military use;</p> <p>6. items under ML9.c) underwater detection devices, specially designed for military use, controls therefor and components therefor specially designed for military use</p>
